

MINE OPERATORS IN SILVER STAR

Men who are counted among the foremost operators in the Divide district are officers and directors of the Silver Star Mining company, owning a group of claims in the northeastern part of the district adjoining one of the large properties controlled by the J. H. Miller interests. The Silver Star property, embracing five full claims and two fractions, was purchased a short time ago for the sum of \$10,000, one of the largest payments made for a single property in the Divide district. The property has excellent surface indications, with three strong fissures, samples from one of these assaying three ounces silver.

W. J. "Bill" Douglass, one of the largest operators in the Tonopah and Divide districts and a mine manager of wide experience, is president of the Silver Star Mining company. Roger "Twinkle" Dougherty, owner of a number of the leading Divide properties, is vice-president and treasurer and Albert Erickson is secretary. Additional directors are George H. Lewis and Dave Holland. Work on the property will begin at once. Under the personal direction of George Lewis, a mining engineer and mill expert of high standing, J. G. Thompson is counsel for the company and has been instrumental in perfecting the strong organization at the head of the enterprise.

Summing Up War Work of Marines

(Correspondence Associated Press)

SALT LAKE CITY, May 15.—The National Relief society of the Mormon church, an organization composed of women, contributing much to war work in 1918, according to its annual report just issued. The ward organizations of the society have subscribed \$44,000 in Liberty bonds and members of the societies have subscribed to \$37,000.

The members of the organization have taken out 2,291 memberships in the Red Cross and have donated thousands of surgical dressings and garments.

The usual wheat report is not published. A year ago when the Pacific rail came for the society to turn over its stored wheat supply the thousands of bushels owned by the society and saved since its establishment were sold and turned over to the government. Funds derived from sale of this grain are still on hand and will be used to purchase wheat again and place it in storage against possible famine. The society's resources are placed at \$771,414.33.

EARL DART WRITES TO BONANZA FROM FALLEN EMPIRE

The following letter from France shows the western boys who the army in France are reading the Bonanza and keeping track of the boom on the Divide. The writer is Private Earl C. Dart, who was captured in mining in Tonopah in the early days and therefore has happy memories of the camp. The letter follows:

Headquarters, Quartermaster Corps, fourth division, Third Army, A. E. F., Neu-Chateau-de-Raine, April 22, 1919.

Friend Booth: Jim Butler's letter arrives and sends me some copies of the Bonanza. I recently the first I had seen in over a year and I want to say that your editorial on conscription rights and democratic destructionism, piracy and profiteering and the Tonopah Divide are among the very best I have seen in a long time from any source.

We get the London Daily Mail now in a while and that as you know has some heavy editorial staff running most of the time but I have nothing on you. You have your bar on straight on these issues of I am no judge of cold turkey.

Tell Mr. Simpson that I will keep watch to see if I can learn anything of Boyden's whereabouts.

I have been in the game from Chateau-Thierry to Mt. Elmore where we were in at the windmill and during the various marches I saw some of the California boys from the 49th brigade but I did not see any of the Nevada fellows that I knew.

I heard of some of them however, and they were giving a good account of themselves. This thought the stamper was a humbug and that it would make a good camp with proper development when the Rockies went "deep enough" to strike the secondaries enrichment zone.

Well it has been a tough old war judging by what I have seen and felt and what the old timers in the game say about other dog fights they were in. Watch the political hot ball when some of these hard-boiled boys get back to the United States and start the big barrage of bullets that will make some few of the Bonanza Arnold-Clin politicians shut the deep dugouts.

We are winding the Watch on the

BOOKS OPEN FOR STOCK SUBSCRIPTION AT MIZPAH HOTEL

Hundreds of mining men have visited the scene of the new strike made by Thomas J. Clark in the south end of Klondyke Divide district during the past week and it seems to be the general opinion that another of the big mines has been discovered. Although work has only started, further sampling of the big ledge running through the property for 2600 feet indicates that the first assays taken running from \$51.00 to \$278.60 per ton was no mistake and those interested are, if possible, more than ever enthused over the possibilities of this great gold property.
